N. Y. Wholesale Prices of Country Produce.

[Expressly for The N. Y. Thibbys by our own Reporter.]

The following are the carrent rates of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 W cent less, deducted for commissions, beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer than the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles.

The Titusville Heraid makes the following statement in relation the recent suspension of Culver, Penn & Co.:

Mr. Culver was largely interested in the banking business throughout the country, but not especially so in this city. The Petroleum Bank we understand, is the only institution affected by the failure here. Mr. Culver was a small stockholder in the First National Bank, but the latter had overdrawn its account with Culver, Penn & Co., and is consequently on a perfectly sound and reliable basis. Its resources are ample, and all demands from depositors can be promptly discharged at the counter. The Second National Bank had no all the counter. The Second National Bank had no all the counter.
